

#### Rules:

- No cell phones
- No more than 4 people on a team
- Creative team names are encouraged, but name approval is at the discretion of the Librarian
- After each round any missed questions will be repeated if requested before scoring
- The Librarian's decisions are final
- Ties are decided by video game playoff

#### Scoring:

After each round teams will exchange their answer sheets with another team. The Librarian will read the questions and answers for teams to score their opponents. If a scoring discrepancy arises the Librarian will make the final decision. After the scoring is complete the score sheets will be returned to each team. A team member will then bring their score sheet to the librarian for score recording. The team with the most points after all 5 rounds will win the nightly prize.

#### Grand Prizes:

The grand prize winner is based on the overall score of teams that return to trivia night multiple times and who play on grand prize nights in April, August and December.
